Whom it may concern,

I am interested in applying for a teaching position in your school district. As a 2017 graduate of Columbia College Chicago, I have student teaching experience in pre-school and kindergarten, in both suburban and urban school districts. I believe my teaching experience and passion for community engagement make me an ideal candidate for a teaching position at your school.

I have experience teaching elementary-level students in a variety of settings. Your school emphasizes its unique position as a school that caters to both inner-city and suburban students, so I think my varied experiences would make me an asset to your program.

Your school also strives to engage students in the larger community. I have lots of experience incorporating community service projects into my classrooms. I would love to find ways to integrate service learning into my lesson plans.

It is my goal to combine my range of experience with my ability to be a compassionate, enthusiastic, intelligent teacher who will make a positive contribution to your school district and larger community. I would welcome an interview and hope to hear from you at your earliest convenience.

Sincerely,

Cynthia A Flores
